

SCRIPTMED INC.

Introduction

Company Overview

As a healthcare company dedicated to the distribution and sale of local and imported medical drugs and merchandise, SCRIPTMED INC., pursues and provides up-to-date pharmaceutical products that will help our healthcare professionals in providing and sustaining favorable outcomes for all our patients. With this in mind, it is our hope that we enhance the lives of our end consumers from doctors to patients.

Mission Statement

To provide high quality, safe, and affordable products that will promote healing and prevent kidney diseases among Filipinos. To transform pharmaceutical care to a fully integrated delivery system so as to achieve an unprecedented consumer-end satisfaction. To establish a good working relationship with our associates, suppliers, retailers, partners and medical societies in the pharmaceutical industry. To establish financial and operational efficiency for sustainable growth, profitability and long term value for our stakeholders. To be consistent with our ethical standards in business practices.

Vision Statement

To lead among the kidney Pharmaceutical Companies in the Philippines that addresses the needs of patients, doctors and other healthcare providers by 2035.

Objectives

- Secure partnerships and distributorships for high-quality, safe, and affordable pharmaceutical products from USFDA- and EMEA-approved manufacturers, as well as reputable local importers with Philippine FDA approval.
- Build close relationships with nephrologists and urologists across the country through personal and digital engagement, and actively participate in medical society activities.
- Forge partnerships with healthcare providers through promotional campaigns.
- Engage in government hospital biddings and private hospital partnerships, supported by endorsements from key stakeholders.
- Participate in programs that advocate social responsibility and contribute positively to the community.

Values

Sincerity

We are known for the genuine concern given those with whom we work and serve.

Customer Focus

We listen to our customers and work with them to achieve the best possible services we can offer. We believe that optimal solutions are made by a good working relation with all our customers and partners in the healthcare industry.

Reliability

Reliability and Precision both for our products and our methods of delivering our services.

Integrity

We seek to do the right thing, always and everywhere, in our day-to-day work and lives. Our integrity will remain our best asset. We adhere to an uncompromising code of ethics that emphasizes complete honesty and transparency. Through our words and actions, we earn the complete trust of our customers, doctors and partners. Earning their trust inspires confidence in our brand.

Pioneering

Our aim is always to be a step ahead of the competition. We anticipate customer needs as well as those of future markets and expand our product program continuously.

Teamwork

We can only achieve our mission and goals by working together. Through the collective and coordinated efforts of our staff, we apply our diverse talents, backgrounds, ideas and experiences to create solutions and benefit to our customers. We shall learn from our mistakes and develop strengths in ourselves to serve our customers better and expand the company's future.

Our Story

History

Founded in October 2010, Scriptmed, Inc. was established in response to the growing need for high-quality healthcare solutions for patients with chronic kidney disease. With a focus on improving patient outcomes, Scriptmed is dedicated to distributing and selling both local and imported medical drugs that provide support and relief to individuals with renal health needs. As a trusted name in healthcare, we are committed to supplying healthcare professionals with advanced pharmaceutical products that foster better treatment results. Additionally, we have designed a healthcare delivery system that prioritizes convenience and effectively meets the needs of our end consumers.

At Scriptmed, Inc., we are driven by our mission to provide quality care, our vision to lead in renal health solutions, and our unwavering commitment to integrity and innovation. Our dedicated team works tirelessly to support Filipino patients, foster strong relationships within the healthcare industry, and remain at the forefront of renal healthcare in the Philippines.

Product Offerings

KREMEZIN

Spherical Carbon Adsorbent 2g Fine Granules 1 Sachet

Adsorbs indoles excretion thru the gut. Delays the initiation of dialysis.

For improvement in uremic symptoms and for prolonging the time to initiation of dialysis in chronic renal failure (progressive).

RENAL VITE PLUS
